**To the Manager**

Dear Madam / Sir,

I have been made aware of the significant challenges Zanzibar is facing with regards to waste management. Did you know an amount of waste the weight of a Boeing 747 is dumped on the island every day? A lot of it on illegal dump sites.

This waste is threatening the ocean, soils and population I have come to enjoy on this island.

To stay at your facilities with a clean conscience, knowing that I'm not contributing to the problem, I would very much appreciate you make sure none of my waste is dumped on the island by contracting the services of a diligent waste management company.

Kind regards,

Your Guest, \_\_\_\_\_
